## BALLET NOW IN CONTEMPT OF COURT

### BALLET SAID TO HAVE LEFT TONOPAH TO AVOID ALIMONY PAYMENTS

Rumor has it today that Letson Ballet left Tonopah yesterday morning to avoid a payment of \$855 for alimony and the support of his infant child, which amount by order of Judge Moran, of Reno, who tried the Ballet divorce case to pay to the clerk of the fifth judicial district court tonight by 12 o'clock or be imprisoned for contempt of court. Ballet is now in California, where he arrived last evening after crossing the state line near Truckee, and if legal steps can be taken he will be brought back to answer the contempt proceedings.

## AN INDIAN UPRISING IS BARE POSSIBILITY

### PRO-GERMANS BY LYING STATEMENTS CAUSE INDIAN UPRISING AT DEEP CREEK

It has been known for some months past that Indians of the Goshute reservation, which is located in Utah, adjoining the Nevada state line at Deep Creek, have been greatly exercised over the federal draft, and to which they objected so strenuously that seventeen of the most influential young men were arrested by soldiers from Fort Douglas some weeks ago, and temporarily held at Salt Lake. Later all of them were released except two, who are still held there. It recently came to the knowledge of Sheriff McLean of White Pine county, says the Ely Record, of April 12, from a very trustworthy source, that a German propaganda had been spread among the Indians at the reservation, to not only resist the federal government, but also to organize the Indians throughout eastern Nevada to prey upon the ranchers of the isolated valleys. The sheriff immediately got busy, and accompanied by Deputy Sheriff Van Newman, made two trips to the reservation for the purpose of investigation. On his first trip he brought in two young men who had failed to register, who were registered here and then sent back to the reservation, which created a favorable impression among the Indians. On his second trip to the reservation he was enabled to secure considerable information, which was laid before the department of justice, and resulted in a visit to Ely last week of a special agent of the bureau of investigation, who was convinced of the seriousness of the situation. Provision has since been made by United States Attorney Woodburn to have troops sent into this section on short notice if needed.

It is positively known that Indians from the reservation have visited most of the valleys of eastern Nevada in an effort to stir up the Indians, and it is also said that in some sections they have been fairly successful in their work. It is also stated that Indians on the reservation have been supplied with rifles and cartridges, and also a mysterious white powder, which they were told by the propagandist would poison stock on the ranges.

However, officers all over eastern Nevada are now watching the situation closely, and will be prepared to at once take active measures for a suppression of an outbreak, should such an event materialize.

### TONOPAH ITALIAN CITIZENS AID RED CROSS

Last evening at Columbus Hall on Water street the Italian citizens of Tonopah turned out en masse to attend a grand Red Cross benefit ball. The affair proved a decided financial and social success. It is believed that with donations tendered to be raffied and which were rapidly disposed of, and the receipts from the sale of tickets, the proceeds will net the local Red Cross at least \$200. An enjoyable evening was spent by all present.

## WHAT'S WHAT

(By L. L. Mudgett.)

Vol. I. Tonopah, April 15 No. 40

Something about the third Liberty Loan drive: The Nye county quota was set at \$286,000, which was distributed to the different districts on the basis of the county tax roll, which gives Tonopah a minimum of \$151,000 to be raised. Due to heavy subscriptions to previous issues, some of the companies have not been able to subscribe to the present loan, therefore a larger proportion of the burden must fall upon individuals and it was with this idea in mind that the committee of the National Council of Defense made elaborate campaign plans evolving a vast amount of systematic work. In order completely to cover the field a very large number of volunteer workers were appointed and the town has been divided into twenty-two districts with a committee of three men and three ladies assigned to each district. What I want to impress upon the minds of the people of this berg is the fact that, with the exception of the canvassing of Main street the work has been well done by the ladies with very little help from the male members of the several committees. At Manhattan, where such a successful campaign has been prosecuted, there was the closest co-operation with the result that their quota has been over-subscribed almost two hundred per cent. Our campaign is not closed by any means and we are going to ask our men members of the several committees, who were selected because of their qualifications to handle the work, so dig in and "go over the top." The volunteers at the several mines have been and are doing splendid work.

## TAKE AUTOMOBILE AND GET IN BAD

### MACHINE AFTER HARD USE IS ABANDONED DISABLED; REWARD OFFERED

Don Bradner's automobile, a Crown-Elihart car, was taken from in front of his residence sometime Sunday night after 10:30 o'clock. It was used in such a manner that it had to be abandoned later on and was left standing at the rear of the residence of R. B. Davis, chairman of the board of county commissioners. In discussing the incident today, J. D. Grant, chief of police, said: "The police department is investigating the taking of Don Bradner's car. A reward of \$10 will be paid for information leading to the arrest and conviction of the parties in question. I feel certain that they will be discovered shortly and when they are I am of the opinion that they will not try that sort of thing again."

## SURPRISE COMING FROM RED CROSS

### ENTERTAINMENT TO BE GIVEN ON WEDNESDAY TO CONTAIN UNUSUAL FEATURES

To call the entertainment to be given by the Red Cross Wednesday evening a dance is somewhat misleading, since it will be so much more than a mere dance. Many unusual features will be introduced. Great secrecy is being maintained in regard to what these will be but they will be all the more delightful, coming as a surprise. Some of these clever ideas have originated in Tonopah and others have been imported from San Francisco and Los Angeles, so the evening will be one of truly metropolitan gallery.

The local Red Cross chapter is the most active organization of its kind in the state and Tonopah is justly proud of it. Let our pride take practical form by making this entertainment the biggest thing Tonopah has ever seen.

## FIRE DESTROYS GUGOLI RESIDENCE

### MRS. GUGOLI BADLY BURNED ABOUT ARMS ATTEMPTING TO QUENCH FLAMES

Fire which started at about 1 o'clock today destroyed the residence of George Gugoli at the head of Belmont avenue. Some furniture was saved but the house was practically a total loss. The fire department received the alarm at 1:10 o'clock and in making the run to the fire had to stop after turning into Florence avenue, according to Chief Askins, due to that street being blocked with automobile of the garages. This caused a loss of time, the department having to turn back and start along Erie Main street. Mrs. Gugoli was building a fire in a stove with fine coal and she said afterwards that the stove blew up. She was badly burned about the arms and was forced to climb out of one of the windows, being unable to get the doors open. The loss has been estimated to be in the neighborhood of \$500.

## SEDITIONARY UTTERANCE LANDS HIM IN JAIL

### A JUDGE AND DISTRICT ATTORNEY WHO ARE ON JOB EVERY MINUTE

C. J. Summerfield, who had been employed at Ruth for some time past was arrested on March 30, under the charge of seditious utterances. At the time of his arrest he was in possession of an I. W. W. card, of which he claimed he had no knowledge, and attempted to make the officers believe that someone had slipped it to him as a joke. He was given a hearing on Tuesday last in Justice Collins' court at Ely, and District Attorney Whiteley proved by three witnesses that he had said: "To hell with the soldiers," and that "the United States had no business to go to war anyway." In his own defense he claimed that he did not make the statement claimed by the witnesses, and that what he really said was: "Our food ought to be kept at home instead of sending it to our soldiers; that this was a rich man's war and he did not care who won it."

Justice Collins took the matter under advisement until yesterday afternoon, says the Ely Record, when he rendered the following verdict:

"In your case, Mr. Summerfield, at the conclusion of the testimony of course I could do nothing else but find you guilty, because by your own admissions on the stand you were guilty of what I consider the most despicable crime that could ever be conceived in a human mind. Born, as you say you were, in the state of Pennsylvania, and having all your life enjoyed the gifts and blessings of the greatest nation on God's footstool, under the Stars and Stripes, which grant to all mankind opportunities and privileges such as are enjoyed in no other country in the world, you not only openly confess you do not care who wins the war, or how many of our noble young men may fall on the blood soaked battle fields of Europe just so long as you may be allowed to wallow in gluttony and idleness. While they are defending our homes and our sacred honor, you say you would let them starve. You have not one drop of true American blood in your veins and thankful we may be that but few disreputable cowards like you are born on American soil. After you admitted your guilt and proved yourself, to my mind, lower in principle than the most loathsome reptile that infests the earth, you had the temerity to ask for mercy at the hands of the court. This I consider nothing less than a personal affront myself, and I want you and all your ilk to distinctly understand that when such charges are proven against you, you can expect no leniency at my hands. I have but one regret and that is that while lulled to a sense of security we have never provided for just punishment of such people as you, because it has been but recently that we learned such ingrates could live. You have justly earned the death penalty, in my judgment, and were it within my power I certainly would mete it out to you, and then ask permission to execute it myself. The sentence of the court will be that you be punished for the despicable crime of which you have been convicted to the fullest extent as provided by our statutes."

## TONOPAH WOMEN'S CLUB TO BUY BOND

### THIS MAKES THE SECOND ONE BOUGHT BY THE ORGANIZATION

The Tonopah Woman's Club met Saturday afternoon at the home of Mrs. Davenport. Four Red Cross flags were made during the afternoon. These flags will be given to the Red Cross to be used wherever the occasion demands. Their first appearance will be at the Butler Theater Tuesday evening when a group of Boy Scouts and little girls in Red Cross uniforms will appear on the stage for a few minutes during the first show.

A short business session was held and it was voted that the club purchase a hundred dollar Liberty bond. This is the second purchase of this kind that the club has made.

## AMUSEMENTS

### GERALDINE FARRAR AT THE BUTLER THEATER

Geraldine Farrar, the noted prima donna, will make her debut under the Artcraft trademark, at the Butler tonight, in "The Woman God Forgot," a spectacular photodrama written especially for her, and produced under the personal direction of Cecil B. deMille, the noted director. In the few photodramas in which Geraldine Farrar has appeared, she has established herself as the leading emotional actress of the film. Her first appearance, "Carmen," and her more recent production, "Joan the Woman," have been the sensation of the photodramatic world. Jeanie MacPherson, who wrote the story of "Joan the Woman," is also responsible for the authorship of "The Woman God Forgot," and also for Mary Pickford's recent productions, "The Little American" and "A Romance of the Redwoods." For her theme in "The Woman God Forgot" Miss MacPherson has taken the story of a princess who sells her country for the man she loves. The whole story is taken from a chapter in the early history of America, telling how the Spanish invaded Mexico and of their conquest of Montezuma and his Aztecs. Miss Farrar is seen as Tecza, daughter of Montezuma. She falls in love with a handsome young Spaniard which role is played by the ever-popular Wallace Reid. The production is one of the most elaborate and beautiful ever made by Cecil deMille. It has the largest setting ever built for a photodramatic production. Over 1000 men took part in the thrilling battle scenes and the effects of the first few cannon and gun powder are graphically shown. Admission, 10, 15 and 20 cents. First night show starts promptly at 7:15 instead of 7:30.

Tomorrow Gladys Blackwell in "The Moral Law." Wednesday, William Farnum, in a big seven-reel production, "When a Man Sees Red," a picture that has thrilled the entire world.
